## Superintendent's Highlights

The District continues effort to improve all of the services required to provide exceptional educational programs. A district strategic plan with vision, mission, and goals with specific measurable objectives is being developed to guide these efforts.

Our focus has been to improve learning through implementation of effective extended day reading remediation in the primary grades, alignment of the district curriculum to the state standards, and teacher and student review of standardized testing results. All employees are provided opportunities for professional development to improve their work skills in their areas.

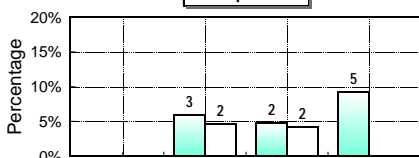

On December 12, 2000 the voters of the district overwhelmingly voted to deconsolidate the Whitepine Joint District No. 286 into Troy District No. 287 and Whitepine Joint District No. 288. The two districts operated as sub-district of No. 286 until July 1, 2001. With passage of safe schools legislation, the Troy District successfully passed a plant facility levy to construct a new high school to replace the "Poster Child of Idaho Unsafe School Buildings".

## Progress Towards Meeting District Goals

### 2000-01 Goals

### Progress

#### Curriculum Improvement

The K-12 science curriculum has been written, coordinated, and aligned with state standards. Language arts is in the first year of review, coordination and alignment to standards is on schedule for completion in 2002.

#### Technology Competencies

96% of the staff have completed Technology Competency Certification. Many of our advances in reading and math came with our development of technology systems capable of handling the data. Technology has proven a valuable tool in learning.

#### Safe Schools

Each school has developed a safe school plan to ensure a safe learning environment. The district(s) have safe building concerns that are difficult to eliminate but every effort is made to minimize the physical hazards.

#### Efficient Student Transportation

The district replaces route busses on a ten-year rotation.

#### Deconsolidation

After lengthy studies and many years of effort the patrons, on December 12, 2000, unanimously voted to approve the Deconsolidation Plan. The two resultant districts are now free to pursue their own educational objectives.

#### New School

After ninety-seven years of use, Troy High School will be replaced by a new 47,000 square foot facility attached to the present Troy Elementary School. Whitepine is completing a study of its buildings in order to minimize the health safety risks inherent in old buildings.
